Subject: Inspection of Brush Resources Class IIIb Landfill

Dear Mr. Morris:

The Class IIIb Landfill at Brush Resources was inspected by Matt Sullivan of the Division of Solid and Hazardous Waste and Wade Tolbert of the Central Utah Public Health Department on October 29, 2008. We appreciate the assistance of Mr. Bryce Moody during the inspection.

The landfill was well operated and determined to be in compliance with the permit requirements evaluated, as noted in the attached checklist. The required record keeping and routine inspections were reviewed and were acceptable. Please ensure, however, that your quarterly facility inspection reports provide greater detail as to what areas or points are inspected and how corrections are made when necessary.

Thank you again for your assistance during this inspection. Should you have any questions, please call Matt Sullivan or Ralph Bohn at (801)-538-6170.

Sincerely,

Original Document signed by Dennis R. Downs on 11/18/08
